

Air 1 radio station is a blessing for me and my family. I listen to this station everyday. It is positive and very uplifting. If Air 1 was to be displaced by LPFM broadcasting the young people of the community would not have a positive alternative to the many secular music stations that are being broadcasted over the air waves. Air one is positive and uplifting. It encourages all who listen. It is in the best interest of the community to continue to have Air 1 as a positive listening choice. Air 1 is a radio station that the whole family can listen to without worrying about negative influences being drilled into the minds of children. It is very positive and uplifting. It would be a huge disservice if Air 1 was not available to listen to on the radio. Personally, Air one and a couple of other Christian stations are the only stations that I listen to. The community can be assured that when they're listening to Air 1, that they will not hear profanity or vulgar language. Only wholesome, positive, and uplifting words and music are broadcast across the air waves of Air 1.
